

Local Designer Application

Our mission statement:

Artistree Co-op exists to connect local artists and designers with consumers seeking locally handcrafted, one-of-a-kind art, goods and wares.

It's unique:

- At Artistree Co-op, we're committed to providing artists and designers with an outlet for their work.
- We're here to tastefully distribute locally designed and made goods that aren't often available in our mass-produced world.

It's easy:

- Artists lease space for six months or more.
- Each artist/designer works 6 hours per month for the co-op.
- We provide the shelves, and you design them with our assistance. Additional displays may be used, but must be approved.

Here's how to get involved:

Local Designer Application

- Fill out an application
- Interview with us and show us samples.
- Upon acceptance into the co-op, meet with our curator to design your space.
